Freaky Frolic fun for the whole family

VICKI BROOKER
Review Staff

The numerous groups that make up the R.O.C.K. (Reclaiming Our Complex Kids) Foundation had a huge success and a capacity crowd on their hands on Halloween night as they hosted their first Halloween Family Frolic.

Everyone from Little Orphan Annie

to zany zombies, the Big, Bad Wolf to Homer and Marge Simpson was on hand to enjoy an evening of games ranging from a ring toss to a giant version of 'Hungry, Hungry Hippos,' shown above, to feeling their way through the monstrous menu in the very dimly lit Witches' Kitchen (left), to a dance enjoyed by adults and youngsters alike.

Coun. McQuinn was appointed Deputy Mayor for the term Nov. 1, 2015 to Oct. 31, 2016.

Honorariums will remain at the same amount as the past two years, as will car allowance and travel expenses for meals, with accommodations dropped from \$150 to \$125 without receipt or reasonable costs supported by a receipt up to maximum \$200 or as pre-approved by council.

At last week's council meeting, council approved the addition of a \$3,000 to

Council discussed the manner in which they will show appreciation to town council and staff and the RCMP and staff at Christmas time this year.

Mayor Tung reminded council about the annual Remembrance Day observances to be held Wednesday, Nov. 11 at the Seniors' Recreation Centre.

2015 Deer Hunters - Your role in Chronic Wasting Disease Surveillance

As a deer hunter in Alberta, you play an important role in the province's chronic wasting disease (CWD) surveillance program.

The government **requires** CWD testing on all deer harvested within Wildlife Management Units (WMUs): 102, 116, 118, 119, 124, 144, 148, 150, 151, 152, 160, 162, 163, 164, 200, 202, 203, 204, 230, 232, 234, 236, 238, 254, 256, 258, 500, 728, and 730. It is **mandatory** to submit deer heads harvested in these areas.

In addition, five new mandatory units were added: 138, 142, 156, 158, and 166.

Antlers and skull cap can be removed before the head is submitted.

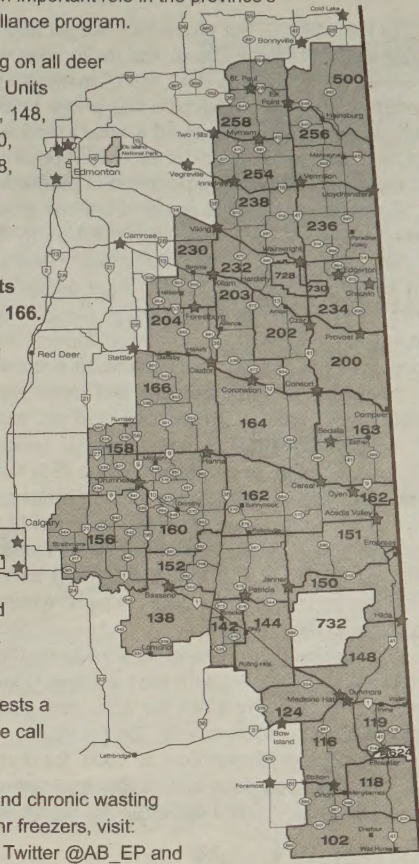

Each head must have a green CWD label attached. After you shoot your deer, visit a Fish and Wildlife office or, during rifle seasons, one of our 24-hr freezers in eastern Alberta to pick up and fill out BOTH SIDES of a green CWD label. Heads should be kept frozen and dropped off at any Fish and Wildlife office or at any of the freezers.

CWD-negative results are provided at albertarelm.com. Any hunter who harvests a CWD-positive deer will receive a phone call from Fish and Wildlife staff.

For information on hunting in Alberta and chronic wasting disease, including locations of the 24-hr freezers, visit: www.mywildalberta.com. Follow us on Twitter @AB_EP and Facebook at My Wild Alberta.

Thanks to all hunters and landowners for your continued support and co-operation with this important disease surveillance program.

EDITORIAL

Time to break the piggy bank?

In the wake of the provincial budget and its multi-billion-dollar deficit, there are those who wonder if, instead of bemoaning debt and borrowing money, we couldn't give the province's big piggy bank that we call the Heritage Trust Fund a whack and wiggle out enough cash to either cover the deficit or pay for some of the proposed development that is planned.

Sometimes it makes sense to borrow money when you have your own cash squirreled away in investments and savings bonds, but often it doesn't. What doesn't make sense is to try to get along on a shoestring because you are paying massive payments and piles of interest on borrowed money, while your money sleeps happily in a bank vault somewhere.

Investing in infrastructure and employment programs will certainly create jobs, and put people back to work, which will give them money to spend on food, utilities, housing and gasoline while they wait for oil prices to recover. If they are making money, they will pay income tax, some of which will trickle back into the province's bank account. The businesses where they spend the rest of that money will make a profit and have to pay some income tax on it, which will also go back to the province.

Saying that there is no money to do anything would be the exact opposite, with jobs, income from jobs and income tax all going down the drain, and people living on welfare payments paid by the province.

Keeping people working is good for them and for the province, and if we have to dip into savings to create those jobs, it could definitely be worth doing so.

RECREATION CORNER

Ready for Remembrance Day tribute

JENA COLBOURNE
Recreation Director

Now that the Halloween decorations are packed up and the candy consumed (or hidden away for late night snacking), it is now time to focus on our veterans. Remembrance Day is a week away.

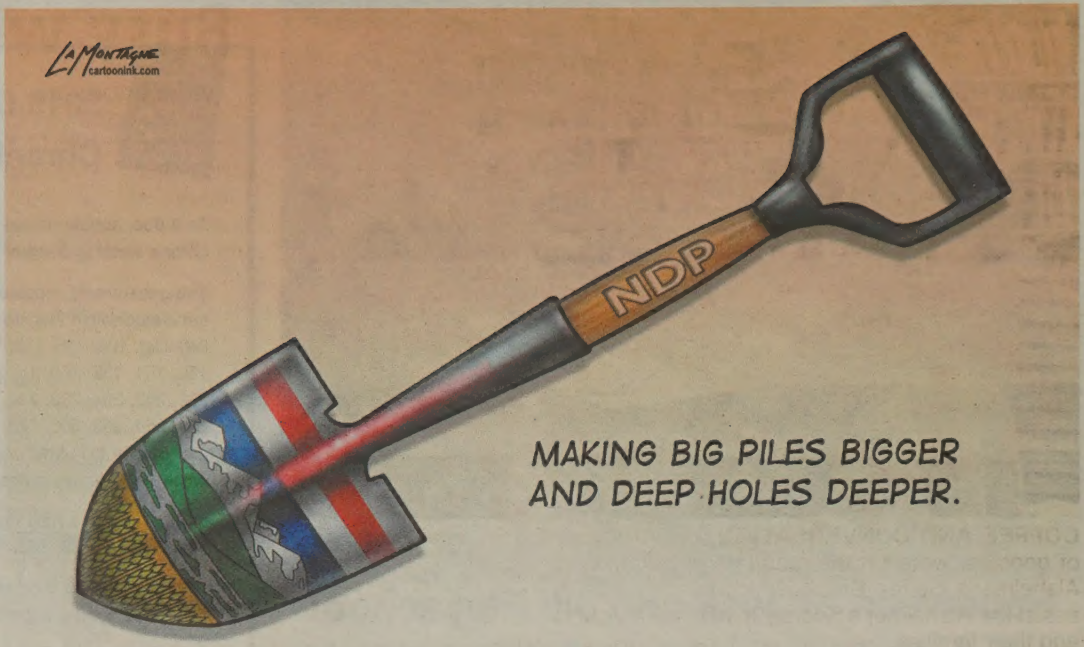

On Wednesday, Nov. 11, there will be a ceremony at the Seniors Centre, the outside portion at the cenotaph starts at 10:30. This is when the laying of the wreaths will take place, there will be a short, formal parade, followed by the indoor services.

The event will run approximately an hour with a light lunch provided.

I would love to see families, kids and everyone else out for the ceremonies. It's easy to stay home and binge - watch your new favourite show on Netflix when you have a bonus day. But let's not forget why we're given the day off... Lest We Forget, if you will.

I don't want to be too preachy but it is important to teach our children about our history as a country. After all, that's why all the men and women of service gave their lives, so we could have our freedom. Hope to see everyone at the ceremonies, poppies pinned abreast.

If you would like to lay a wreath and did not receive a letter from the rec department, call/Text 780-207-5898 or email recreation@elkpoint.ca

WAY BACK WHEN...

Water supply, decreased workload, entrepreneurial zeal

HERE'S THE NEWS THAT MADE THE HEADLINES OF THE LAKELAND REVIEW AND ELK POINT REVIEW FOR THE WEEK OF NOV. 3 IN....

1985

MLA John Drobot visited town council to present a cheque for \$623,263.12 toward their current water treatment and supply project, part of a \$1.2 million grant under the Alberta Municipal Water Supply and Sewage Treatment Grant Program. Town council, under the leadership of newly sworn in Deputy Mayor Walter Lesyk, rewrote the debenture bylaw, dividing it into separate bylaws for water main replacement and curbs and gutters south of 52 Ave. on 51 St. and along 49 Ave., and another for replacement of the main water supply line north of 53 Ave.

1990

The Lakeland Review moved its press day to Tuesdays, after hitting the streets on Wednesdays for the first six and a half years of its existence, stating that the change would better serve both advertisers and readers. The fate of the Elk Point Curling Club hung in the balance, with members meeting to determine if sufficient funds were in place or forthcoming to keep the rink open, due to decreased registration.

1995

The newly organized town council agreed to cut back their schedule to one regular meeting per month in view of the decreased workload they had experienced in the past year. A decision to reduce Dr. Keith McNeilly's privileges at Elk Point Health Centre to honorary status, removing him from the 'on call' roster and not allowing him to admit patients to acute care, was reversed after the reduction was of concern to his patients.

2000

Elk Point Chamber of Commerce showcased 25 small business at a trade show and information fair

where chamber president Eugene Buck congratulated participants on their "entrepreneurial zeal" before offering quirky "Do-it-yourself pet rock kits" from JMB Crushing for adoption by youngsters in the audience. The dwindling membership of the Elk Point Branch of the Royal Canadian Legion was of serious concern, with only seven of the Legion's 21 members active in its operation and able to raise funds to donate to worthwhile local causes.

2005

A longer route was planned for the Christmas Extravaganza parade in consideration of the time spent by businesses in creating elaborate floats, however, the bale maze had been scratched off the agenda because the broken bales from the previous year's attraction had been difficult to clean up and also posed a significant fire hazard.

MINOR HOCKEY faced off for another season, with the Atom Avalanche taking on Two Hills and earning a hard fought 7-6 victory.

2010

Elk Point's new town council, Mayor Parrish Tung, new councilors Eugene Buck and Ron Fraess and returning councilors Bernice Capjack and Dwayne Yaremkevich, was sworn in for a three-year term. The first meeting of Lakeland Heritage Partners in almost two years was held at Fort George and Buckingham House Interpretive Centre, with seven of 25 groups invited to the meeting sending representatives to discuss coordination of promotions of regional history by encouraging continued development of heritage products.

Busy weekend for the minor hockey teams

This year, with the number of Atoms close to 20 players, it was decided to split the team evenly and play in the same league; so on this past Thursday night at home the Elk Point Atoms team No. 1 played the Atoms

team No. 2; the No. 2 team winning 5 to 1. The shots on goal were fairly close for most of the game until the third period when the No. 2 team, with a little more steam, pulled ahead, the final 27 shots to 18 in the end. Sharp shooting sniper "Mic Jager" Fontaine was on fire, scoring all five goals for the No. 2 team, but he didn't do it all alone, he had lots of help from the set up guys, Ceajay Quinney with two assists, "St

Nic" Penner, Landon "the Magnificent" Malachowski and Kaleb Flamond with one assist each. "Bazooka Joe" Cardinal scoring the only goal for the Atom No. 1 team on a slap shot from the

Review Sports

point assisted by Brady "Oscar" Hymanyk, who could have scored a few himself if not for the superb goaltending of "Kid Kade" Fontaine. Taking three trips to the sin bin was Joseph "Red" Theriault for tripping. Not saying it's a good idea to encourage penalties but sometimes it can save a goal if the other team is on a breakaway.

Ryan Cameron playing in his very first minor hockey game never looked out of place one bit, in fact he scored his

first goal ever on Halloween Saturday in Frog Lake when the Atom No. 2 team traveled there, winning 7 to 3. Lots of passing and team play in this game. Cash "CC" Capjack scoring a goal assisted by "Magnificent Malachowski" then "Magnificent" scoring assisted by "CC", Nathaniel Cousins scoring assisted by Kaleb Flamond, and "Mic Jager" scoring a hat trick, a couple of them assisted by "St Nic" Penner. On Sunday the Atom No. 2 team had another 12 to 5 win at home, this time over Boyle. Boyle did well considering they only had one spare player and kept the game close until late in the third.

The Atom No. 1 team came up against some really tough completion in Cold Lake. Goalie Vanden "Super Mario" Morozuk getting peppered, facing 89 shots in this one, but played amazing all the same. Vaughn Ockerman, Sam "Spiderman" Rogal, Dean "the Machine" Ockerman and "Oscar" Hymanyk all played extremely well even when things looked very grim.

Back in the days of Thunder, we had many battles with the Kitscoty Pitbulls, who were our nemesis to say the least. The all-new Midget team traveled to Kitscoty on Friday night, coming home losing 8 to 4, which I believe is a respectable score. "Ozzie" Austin Stafford with goal and an assist, "Awesome Alex" Hunter with a goal and an assist, Cameron Baird and Dylan Odgaard with a goal each and Brody "the Big O" Odgaard with an assist. The midgets played in St. Paul on Sunday, losing a close barn burner 4 to 3, Nicholas Tucker with two goals, Christian "Wheels" Castle-Wasson with one, Brody "the Big O" Odgaard and Carson Ference providing the assists.

Before going out trick and treating on Saturday, the Novice Avalanche played at home with a big win over Kikino, Timmy Joe Cardinal, "Hurricane Kayl" Warawa and Sebastian Brousseau all scoring hat tricks, Madden "Mad Dog" Flamond with two shots going in and "Good Time Charlie" Lesyk with a goal. Kaiser Demission with

two assists, the twins Charlotte and Anna Henderson with an assist each, "Bo Diddly" Fontaine with an assist and some awesome poke checks saving a few breakaways, Trysten Sakowsky and Kale Hoeving with an assist. Evett Smereka is playing very well in this his first year of hockey, his proud dad Tim on the bench helping coach.

The Pee wee Girls Storm may have lost the game, but they gained a lot of respect for their aggressive play and wouldn't just give the another team the two points, they would have to actually earn them, going right down to the wire with Lac La Biche, as far as even pulling goalie Heaven Colbourne for the extra attacker, losing by a score of 6 to 4, but one of the goals was an empty netter. A terrific game for Jenna "Precious" Poitras, banging in two goals and an assist and could have had another on a breakaway but was stoned. Halle "Comet" Stybel with two goals and with her intense play, she almost had the Halle Hat Trick and more. Smooth skating Avery "Whirlwind" Warawa with an assist. Paula Hladunewich wasn't on the score sheet but put out big time on the fore check, as did her sister, little Alayna and Sydnee "Sid the Kid" Crawford. Jelena Parr and her sister Laramie "Larry" both played an aggressive game; sort of like I remember their father Art, doing for the Mustangs. Brand new to the team just this week, Chloe Bendixen was working really hard out there keeping pace with her older sister "Gorgeous Georgia" who played super, blocking shots and taking players out. And making her grandpa proud, goalie Heaven Colbourne did an excellent job stopping the puck, facing 27 shots in this game, the Storm putting 20 of their own on the shot clock.

The Pee wee boys played in St. Paul on Sunday winning 11 to 3. Four goals for "Lightning Liam" Ludlage, a hat trick for Jaden "Jet Stream" Van Maarion and Charlie "Angel" Rogal, "King Cole" Bendixen with one, "Danny Boy" Cardinal, Odin "the Wall" Smith and Matthew Quinney all with assists.
